

IMPLEMENTS

FOR THE CARE AND MAINTENANCE OF VINEYARDS

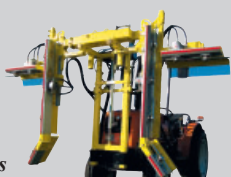

The implements shown are selected tools to make your vineyard more productive. The 24 implements shown are key products to insure healthy vines. These time saving tools are the top products used in vineyards throughout the world.

MAKING YOUR VINEYARD MORE PRODUCTIVE

VINE TRIMMERS

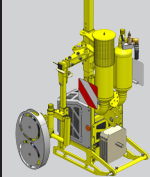

Stainless steel blades

- Available in half row, one row, two half rows, and two complete rows
- Featuring joystick with user friendly controls

LEAF REMOVERS

- Available in single or double defoliation heads
- Featuring (patented) twin rotating nozzles with rapid pulsing air

PREPRUNERS

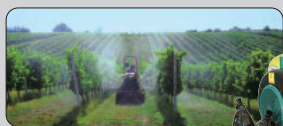

Cutting discs

- Cuts the long canes small enough that they fall through the wire for easy clean-up
- Unique magnetic sensors for opening and closing the cutting heads

VENTURI AIR 3-PT. HITCH MODELS

- More uniform spray particles with fog sized droplets
- 3-Point hitch - 75, 100 & 150 gallon

TWO ROW VENTURI AIR SPRAYERS

- More acres per fill-up
- Spray twice the acreage per day
- 3-Point hitch - 100 & 150 gallon

VENTURI AIR - SHORT TURNING HITCH

- Less gallons means fewer fill-ups, reduces soil contamination
- 3-Pt/Trailer - 200 & 300 gallon

TRAILER MOUNTED VENTURI AIR

- More coverage and chemical utilization
- Entire plant is evenly covered with spray
- Trailer - 200 gallon

TRAILER MOUNTED VENTURI AIR

- More control of air distribution
- Entire plant evenly covered with spray
- Trailer - 300 gallon

TRAILER W/WRAP-A-ROUND BOOM

- Less chemical run-off means better spray utilization & savings
- Trailer - 300 & 500 gallon

3-POINT HITCH SULFUR DUSTER

All Gear Drive

- The organic way to control mildew
- Hopper capacities of 300 & 400 pounds

AIR BLAST SPRAYER

- Engine driven compact trailer mounted
- B & S, 9 HP engine, 100 gallon poly tank and 20" diameter fan

TRAILER SULFUR DUSTER

Electro Cylinder For Adjusting Flow Rate

- Designed to obtain the maximum acres per fill-up w/the high capacity 1000 lb hopper
- Booms available to dust 2 complete rows or 4 half rows

3-POINT COMPOST SPREADER

Coned material diverter & full length agitator blades

- Spreads wide range of materials such as: compost, peat, lime, gypsum, etc.
- For tractors up to 150 HP
- Capacity 35.3 cu. ft.

PENDULUM SPREADERS

Easy to adjust lbs/acres by simply turning the dial

- Spreader features exact rate/spread controls, quick change spouts, low filling heights and easy maintenance
- Capacities of 925, 1155, 1450 & 2000 lbs.

DOUBLE SPINNER SPREADER

Twin spinners and gearboxes

- Accurate broadcast spreading attachment available for 2 row band spreading
- Large 2200 lb. capacity hopper with Cat. 2 hitch

FLAIL MOWER / SHREDDER

Low profile belt housing for operating in close areas

- Fine shreds grasses, weeds, and brush
- SFG Series is available with Y blades or hammer knives

ROTARY TILLER

All gear final drive

- Tilling produces loose textured soil that holds moisture and reduces erosion
- N Series available in widths of 51", 61", 71" & 81" for tractors up to 70 HP

SOIL CONDITIONER

Spring loaded crumbler & spike bar

- One pass implement breaks up clods and creates a fine level surface
- Working widths available - 4', 5', 6', 7' and 8'

AIR BLAST SPRAYER

3 Piston diaphragm pump

- Ideal for small to medium sized vineyards
- Tank capacities of 100, & 150 Gallon
- For tractors 30 to 50 horsepower

TANDEM DISC

Heavy clevis hitch

- Weeds, aerates and tills the soil to a fine, level surface
- Widths of 60", 72", & 84" with 18" diameter blades

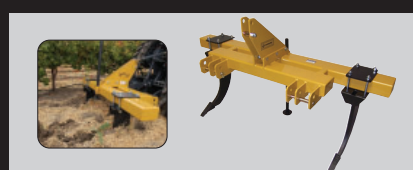

V-RIPPER

Replaceable Points

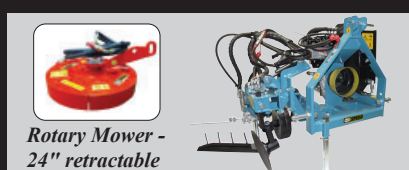

- The deep ripping obtains excellent soil aeration which allows greater water penetration and absorption
- Widths of 50", 60", & 70" 3 or 5 shank

TRACTOR TIRE TRACK RIPPER

- Deep rips the tire tracks hard pan to aerate the soil for better water penetration
- Models for 6', 7', 8' and 10' rows

IN-ROW CULTIVATOR

Rotary Mower - 24" retractable

- Four optional attachments - rotary hoe, rotary mower, power disc & back-fill disc
- Sensor rod for automatic implement retraction

FLAIL SHREDDER

- Hydraulic powered, skid steer mount
- Unique safe stop system
- Cutting widths of 61", 69", and 79"
