

COLLARD®

PREPRUNERS

FRONT MOUNTED FOR VERTICAL TRELLIS VINE GRAPES

Model PCI3000LPR

*Prepruners are
available for
in-row and
over-the-row
tractors*

The **COLLARD Prepruner** will greatly reduce your pruning costs. Growers state that the finish hand pruning takes only 25% of the time versus total hand pruning costs. The Prepruner cuts the long canes small enough that they fall through the wire which is an aid in clean-up.

The Prepruner features a dual system for opening and closing of the cutting heads, unique optical cells "electric eyes" and manual hand lever.

These front mounted Prepruners for vertical trellis vine grapes are low maintenance and high production giving the COLLARD units high marks with several leading California growers.
