These medium duty tillers feature a smooth running, all gear drive system. Powered through a heavy 70 horsepower gearbox to an all gear final drive. The tilling action provides a uniform mixture throughout the cultivated depth. Producing loose textured soil that holds moisture and reduces erosion.

These are the ideal tillers for farm, vineyard, orchards, landscapers, nurseries, etc.
**FEATURES:**

- Cat. I & II, 3-point hitch
- A.S.A.E. quick hitch compatibility for easy hook-up
- 9" Approximate tilling depth
- One speed gearbox, 540 R.P.M.
- 70 Maximum horsepower
- Strong, smooth running, all gear final drive
- Slip clutch driveshaft to protect tractor and tiller drive system
- Curved, saber style heat treated, long wearing tines
- 6 Tines mounted on each rotor plate for maximum tilling action
- Tines staggered in scroll design for easy soil penetration
- Adjustable clevis style lower hitch brackets
- Gearbox supported by full length tubes for added support
- Torque tube frame to absorb shock loads
- Tiller is balanced to eliminate vibration
- Chain with spring tailboard adjustment
- Large, oil bath, long wearing rotor bearings
- Powder coated, baked-on paint to reduce corrosion
- Side mounted skids for depth control
- Plated retractable parking stand
