

GEARMORE® "B" SERIES

ROTARY TILLER 15-35 HP Compact Tractors

CAT I
A. S. A. E.
QUICK
HITCH
COMPATIBLE

These compact series of tillers are quality constructed units that are built to last. The adjustable skid shoes control the cutting depth while the rear tailboard controls the soil mix. The tiller is equipped with a slip clutch to protect the tiller and tractor.

Ideal for preparing seedbeds, renovating pastures, and other tillage uses. The tiller provides uniform mix throughout the cultivated depth.

FEATURES:

- Cat. 1, 3-point hitch
- 7" Approximate tilling depth
- One speed gearbox, 540 RPM
- For tractors up to a maximum of 35 HP
- 80# Heavy duty roller chain
- Slip clutch driveshaft to protect tractor and tiller drive system
- Curved saber style, heat treated, long wearing tines
- 6 Tines mounted on each rotor plate for maximum tilling action
- Tines staggered in scroll design for easy soil penetration
- Side mounted skids for depth control
