

GEARMORE® "GCF-HS" SERIES

HAMMER KNIFE FLAIL MOWER/SHREDDERS

FEATURES:

- ❑ Skid steer / track loader SSL quick hitch mount
- ❑ Shreds brush or prunings up to 2"
- ❑ Cutting height adjusts from 1" to 4"
- ❑ Variable displacement piston motor, so one motor fits all models
- ❑ Both a relief valve & uni-directional valve are standard equipment
- ❑ Motor is adjustable from 14 to 35 GPM @ a maximum pressure of 3600 PSI
- ❑ Specially designed drop forged hammer knives give optimum performance in brush shredding and general weed abatement work
- ❑ Double row of drop forged cutter bars to increase the shredding of material
- ❑ Computer balanced vibration free rotor adjustable to turn at approximately 2100 RPM
- ❑ Equipped with a patented rear deflector which in open position discharges grass and allows tractor speeds up to 6 M.P.H., and in closed position contains and further shreds brush to a finer mulch
- ❑ Rotor bearings are double self-aligning to insure long life
- ❑ 4 belt drive protects gearbox, driveshaft and rotorshaft, 3 belt on model GCF61
- ❑ 5 1/2" diameter full width gauge roller
- ❑ Double row of front mounted safety chains
- ❑ Option - Slotted rear hatch for rake teeth

Our **Hydraulic Driven Shredder** is a great machine for general flail mowing applications. The 3 lb. drop forged hammer knives will mow grass and yet shred up to 2" diameter branches. The close coupled mounting and low profile design allows for working in tight areas.

Just right for vineyards, berries, roadsides, weed abatement, etc. These heavy duty machines will give many years of low maintenance use.

We strongly recommend, for operator's protection, that a LEXAN door or equal is provided on the skid steer / track loader

SPECIFICATIONS:

MODEL NO.	MOWING WIDTH	OVERALL WIDTH	NO. OF KNIVES	WEIGHT
GCF61-HS	61"	66"	15	905#
GCF69-HS	69"	74"	18	1005#
GCF79-HS	79"	85"	21	1135#
