# ARENAVATOR III

ONE PASS SYSTEM FOR RE-CONDITIONING ARENAS

## UNLOCK PEAK PERFORMANCE WITH A PERFECTLY CONDITIONED ARENA.

The new Arena-Vator III is a highly versatile tool designed for a variety of arena surfaces. The new frame design will accept scarifier shanks that breaks up hard ground and can be equipped with a number of accessories to meet individual requirements. The AV-3 is designed to renovate and condition horse arenas and tracks in a single pass. It produces a firm, yet giving surface that provides the securest footing for your horses. Available in 4', 5', 6', 7', & 8' sizes. The standard unit is equipped with two rows of S-tine shanks with reversible points which loosen and cultivate the soil, an adjustable pipe leveler for leveling the soil, and a 12" diameter spiral rod roller to gauge the depth and pack the soil to provide a uniform finish. Versatile Optional Equipment: Mesh Roller, Scarifier Shanks, Gauge Wheels, and Pull Hitches to convert 3 point to pull types.

Shown with optional shanks
