VINE TRIMMERS

PROFILMATIC® VINE TRIMMERS

ULTIMATE PRECISION TOOL FOR VINEYARD EFFICIENCY.

This COLLARD Vine Trimmer trims one complete row with ten high speed cutting blades. The heart of this trimmer is the unique lightweight aluminum alloy extrusion that provides a rugged rust-proof framework for the cutting blades. This blade framework is so strong that it has a lifetime guarantee. The trimmer is very easy to operate, just set the width and height of your required finished profile. The operator will then simply have to watch one side of the vine row to obtain the exact cut required. This trimmer has a unique design which allows for use in both flat land and terraced vineyards.

P3000LZP Series

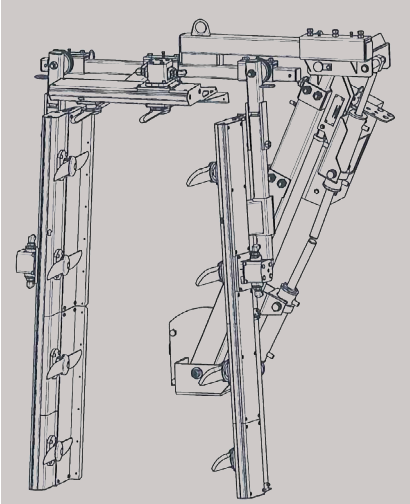

Trimmer in transport position

VINE TRIMMERS

STANDARD FEATURES

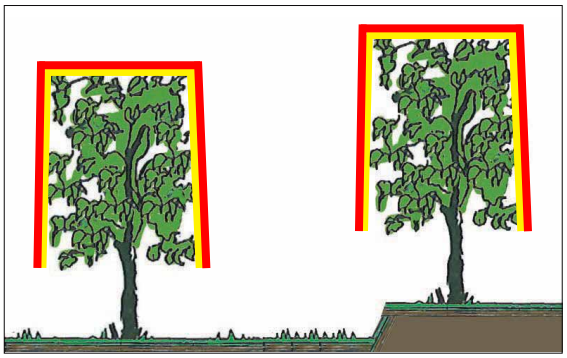

- Heavy tubing frame
- High speed stainless steel blades, self-cleaning and never need sharpening
- "State of the Art" hydraulic motors to insure long life
- Flow limiter for motor controls
- Smooth, thin line blade transmission for easy movement through the foliage
- Rigid deflectors so cut material is thrown away from the operator
- Wide range of adjustments for setting trimmer to grower's exact requirements
- Strong, but lightweight and easy to operate
- Blades turn at 2,200 R.P.M., ensures clean cane ends, which dry and seal neatly to reduce the risk of disease
- Machine runs smooth and quiet, with no vibration
- Equipped with electro-hydraulic joystick controls for precise trimmer adjustments
- Hydraulic cylinders are fitted with load/hold check valves for safety in case a hose fails

3 - hydraulic motors
4 - hydraulic cylinders

SPECIAL FEATURES

- Trims one complete row
- Oscillatory frame with hydraulic parallelogram which keeps the top cutting element parallel to the ground
- Equipped with two 63" long vertical cutting elements
- Adjustable horizontal cutting element up to 30.7"
- Frame assembly retracts to transport position
- Equipped with 4 hydraulic cylinders - 1 lift, 2 parallelogram and 1 upper slope cylinder
- Equipped with 3 high speed hydraulic motors
- Storage stand for parking the trimmer

Trims both flat land and terraced vineyards
