HYDRAULIC POWER PACK

PTO DRIVEN SELF-CONTAINED HYDRAULIC SYSTEM

ENHANCE YOUR ORCHARD MAINTENANCE EFFICIENCY.

This special 3-point hitch P.T.O. driven Hydraulic Power Pack was developed as a self-contained power system for the P2000A Orchard Hedgers. It then allows mounting the Hedger to mid size tractors, thus not tying up large H.P. tractors. The Power Pack features 3 hydraulic pumps, one for the hydraulic cylinders and one for each blade transmission housing. The 30 gallon oil reservoir includes return filter with cartridge and oil level gauge. Also included is oil cooler, driveline and hoses.

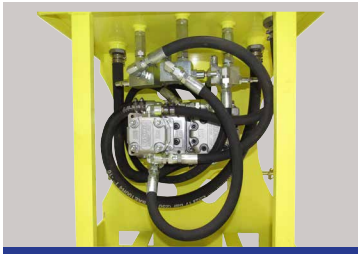

HYDRAULIC POWER PACK

FEATURES
