SPINNER SPREADERS

3-POINT PTO AND GROUND DRIVEN TRAILER

CONQUER YOUR SPREADING TASKS WITH CONFIDENCE.

Our 3-point hitch spreaders feature a strong, corrosion proof PVC hopper. These spinner units have double levers and stainless steel slides which allow for spreading at 180° or 90° to the right or left. They are ideal for even spreading fertilizer, seed, salt and other flowable materials. Our trailer mounted Seeder/Spreader is a self contained, towable implement can be operated by almost any vehicle. This unit has a ground driven, cast iron, oil bath gearbox that can be disengaged when transporting. It is ideal for spreading seed, fertilizer, sand and salt. The large 16" diameter x 6.5" wide tires make this a "Turf Friendly" implement. This spreader is a handy tool for farmers, landscapers and homeowners.
