REAR BLADES

7 & 8 FOOT - FOR UP TO 80 HORSEPOWER TRACTORS

YOUR HIGH-PERFORMANCE SOLUTION.

The Gearmore manual or hydraulic adjustment rear blades are the answer to low cost, medium horsepower, earth-moving requirements. These blades are easily set for beam swing offset, tilt and angle. Change ditching or grading angles by just pulling a pin, or by operating the cylinder valve. The heavy duty design is rugged and reliable, assuring trouble free use.

All manual 9' shown
