BOOM/HANDGUN SPRAYERS

HIGH VOLUME/HIGH PRESSURE PUMP

POWER AND VERSATILITY IN ONE SPRAYER.

The 200 gallon sprayer has a high volume and high pressure pump which makes it a very versatile unit. Sprayer can be used for handgun spraying along with either manual or hydraulic booms. Recessed pump location allows close coupling to tractor and reduces angle of driveshaft. Tank is suspended from a heavy tubular frame to isolate it from vibration and stress. All of these features, plus many more, adds up to a high value sprayer.

Model GN200D-23
w/28' hydraulic boom shown

Sprayer w/manual boom shown

BOOM/HANDGUN SPRAYERS

FEATURES

- Fiberglass tank with hatch and strainer basket
- Mechanical agitation with stainless steel propeller and shaft
