DUMP TRAILER

2.5 TON CAPACITY, REAR DUMP

HAUL ANYTHING, ANYWHERE, WITH CONFIDENCE.

Like our 8 ton Dump Trailer, this trailer has a strong tongue and undercarriage assembly that pulls directly to the walking beam axle suspension system. The 5,000 pound payload is evenly supported by the walking beam action and 4 floatation tires. The 14" removable side panels allow hauling oversized loads. The "haul and dump" versatility and large payload make this trailer a time and money saving winner.

DUMP TRAILER
