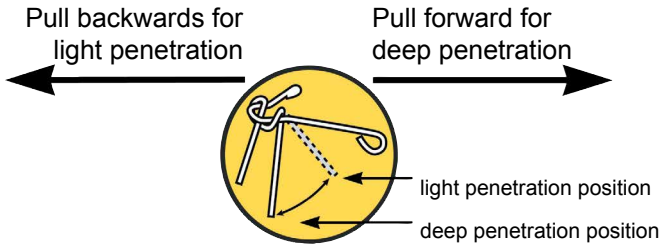
DRAG & LIFTABLE CHAIN HARROWS

5/8" DIAMETER TINES FOR HEAVY DUTY USAGE

UPGRADE YOUR HARROWING GAME.

These tine harrows feature the double tine reversible system which is very popular on our 1/2" diameter harrows. Attach the drawbar on one side for deep penetration and the drawbar can be mounted on the opposite side when lighter action is preferred. These harrows have many different uses - spreading out manure, pasture renovation, incorporating herbicides, preparing seed beds, soil aeration, turf dethatch, etc.

Flexible Two-Way Design For Optimum Debris Clearance



LIFTABLE & DRAG CHAIN HARROWS
