MOWER/SHREDDERS

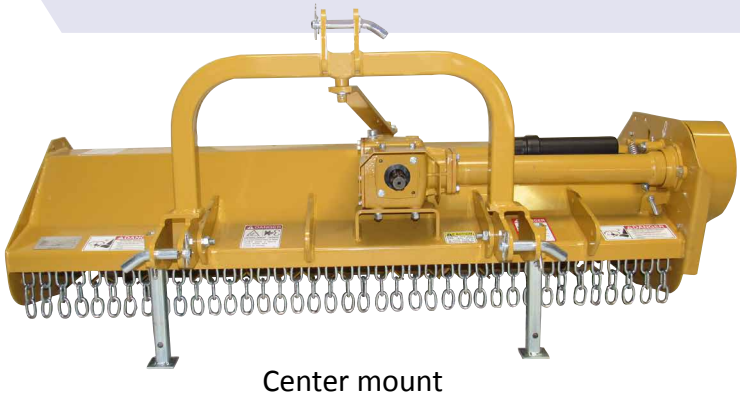

"SLE" SERIES

MAXIMIZE YOUR MOWING POWER.

The "SLE" Series of Flail Mowers are the most versatile mower on the market today. Some of the unique features are: all models can be easily converted from center mount to offset, giving an additional 9" of offset to right. Two types of blades are available; the Y shaped blades for weed and light bust, and the curved duckfoot blade for mowing grass. Best of all, the blades can be changed by hand, no tools necessary. These Flail Mowers were designed to achieve fine shredding on cover crops, parks, golf courses, pastures and many other applications.
