215 SERIES SB HOPPER BROOM

FOR SKID STEER LOADERS

The Skid Steer Loader hydraulic drive collection sweeper by Paladin® is designed to handle both light and heavy-duty clean-up tasks in construction, municipal, and industrial applications. Some of the key features of this sweeper include a heavy-duty cutting edge that comes standard in all models to ensure durability, an enhanced front bumper guard that provides better protection during operation, and a narrower overall attachment width that enables improved mobility and cleanup in confined areas.
