

IMPLEMENTS

FOR STAND-ON TRACK COMPACT
LOADERS W/MINI CII MOUNT

4 IN 1 BUCKETS

42" and 48" widths models available. Functions as a loader bucket, clam, grapple, dozer, box scraper, and bottom dump bucket. Has strong hinges and pins to distribute load.

ROCK BUCKETS

Designed to collect rocks and debris, allowing soil to sift through. Rake design allows for fast clean-up, ground leveling and gathering materials away from buildings and obstructions. Leave the dirt and pay less at the land fill!

BRUSH GRAPPLES

Aggressive grapple made of high strength steel for maximum performance and durability. Cylinder guard design protects cylinder while preventing build-up of debris. Great for cleaning up and transporting branches, brush, and limbs.

ROOT GRAPPLES

The aggressive tine shanks root out objects below ground level. The wide grapple opening allows for gathering a large amount of brush and debris. The hydraulically operated grapple locks the material in place and stabilizes it for transport.

AUGER DRIVES

The X1500 hydraulic digger is the most trouble free digger on the market. The unit features an in line sealed planetary gear reduction drive design. This clean, effective system ensures long trouble free usage. Digger comes with CII mount.

PALLET FORKS

High strength lightweight frame for large 2300 pound pay loads. Open guard for excellent visibility. Patented load retention ring. Available in tine length of 42" & 48".
