Level Best Precision Grading equipment is made by ATI Group LLC, a veteran-owned business located in the heart of Lancaster County, Pennsylvania.

Our precision grading boxes have a very loyal following. Savvy contractors who need grading accuracy, smooth operation, durability, and ease of use rely on Level Best.

PC Series Precision Box Grader

For the Most Challenging Places

The PC-series Level Best box is a smaller version of the popular skid steer model, bringing the same high performance to the **Mini Track Loader (MTL)** market.

Nothing Else Like It

Unique and compact, this precision grading combination offers unmatched **maneuverability** and **control**. Its innovative frame design enhances efficiency and smoothness, while the box blade optimizes loader directionality.

- The industry's only Precision Box Grader **accurate to 0.1"** of spec
- Mix & Match **universal compatibility** with all power and guidance systems
- No daily maintenance - helps **maximize profitable uptime**
- Faster to achieve a consistently **smooth**, highly accurate grade
- One of the most **flexible and productive** attachments available

Level Best®
